When silverware gets tarnished, if it is washed in a pint of very hot water to which has been added one teaspoonful of aqua ammonia, rubbed with a soft brush and dried with a clean linen towel, then rubbed very dry with chamois, it will become again very brilliant, and will not need any polishing with any of the powders usually employed, and will last much longer.

A writer put the matter very aptly when he said: "Corn loaned to hogs is cash and a good investment, safe and at a very large interest. A hog is a condenser; he will put ten bushels of corn in less space than a bushel measure. He has been styled a manufacturer of lums, lard, hair brushes, head cheese, tooth brushes, glue, buttons, fertilizer, fats, bacon, knife handles, whistles, soap, sausage and satisfaction. He converts corn into coin and can buy what he will."

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Co. W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. but nothing gave any relief until he began using Chamberlain's Pain Balm. Louisville Weed: Parties who have taken a look at the Burley crop in Central Kentucky pronounce the quality very fine in Jessamine, Woodford, Clark and Fayette counties, but the acreage is about the same as last year, and it is conservatively estimated the yield is about 25 per cent. less than the '98 crop. In Garrard, Casey, parts of Madison and Lincoln counties, the crop is not good, being poor in quality and of a very small yield. The past few days have furnished a good season to handle tobacco, and it is reported that many farmers in the blue grass section, where the crop was early housed and cured, have commenced stripping their tobacco and preparing it for market. It would not be a surprise to us to see a fair amount of the new crop on the market in the next few days. None of the crop was house-burned, and but little of it was field-burned.

ONLY ONE CURE FOR SCROFULA.

S. S. S. Is the Only Remedy Equal to this Obsolete Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be balanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—

S. S. S. FOR THE BLOOD

—Is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetters, Pimples, Sores, Ulcers, etc. Insist upon S. S. S., nothing can take its place. Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.
